

Product Specification Sheet

1.8kw Panel Heater

This 1800watt convection heater is the latest space-saving design from Ambientair.

The warm-white super- slim design and silent operation means that it can be a discreet addition to any home, conservatory or workplace.

The panel heater uses convection and features double insulation, so it's safe to use in the home, conservatory or office, and can be either wall-mounted or free-standing on the supplied feet or bracket.
